

## What a Weekend

What a weekend! - Paul - 03.07.2009

Martina, Dean and the lovely Asia. I just wanted to second everything Colin has made in his comments. It was one of the most memorable stags I have been on and probably every guy that was on the trip. Every thing was planned absolutely brilliantly by the Prague Stag team and value for money. Now we know one of the guys is now engaged to be married the weekend after the trip, we will defiantly be contacting you for future plans and ideas to plan another amazing, fun and memorable weekend. All the guys wish your team every success in future stags and hope to see you all when you come to London.

All the best,

Paul
